

RoHS – Declaration

RoHS – This acronym stands for “Restriction of the use of certain hazardous substances”. It is about an EG-Regulation directing the use defined hazardous substances in electrical- and electronic products.

The regulation 2011/65/EU was put in national legislation on January 2, 2013 and compensated the regulation 2002/95/EG effective from January 3, 2012. The new edition of RoHS covers identical substances and limit values. Among some other things only the scope will be changed step by step. In addition RoHS II requests CE-Marking for all products which fall into the RoHS scope of application.

Lead (Pb)

Cadmium (Cd)

Mercury (Hg)

Hexavalent Chromium

Polybromed Biphenyls (PBB)

Polybromed Diphenyleters (PBDE)

Legislation is aiming for reduction of detrimental effects for humans and environment as well as for improvements in possibilities for recycling.

All products produced and distributed by Murrplastik Systemtechnik GmbH are compliant in terms of this regulation.

Best Regards

Your Murrplastik Team
